Re: ELS File Number 0193-EX-CN-2026; Call Sign WQ2XKR

Dear Ms. Dortch:

Consistent with FCC OET guidance, Aireon LLC ("Aireon"), a wholly owned subsidiary of Aireon Holdings LLC ("Aireon Holdings"), requests that this application be kept pending until at least July 7, 2026 to allow consideration of the ownership information update submitted on May 14, 2026.¹ That update reflects a pending Transaction where Iridium Monitor Holdings LLC ("Iridium Monitor Holdings") will acquire all remaining ownership interests in Aireon Holdings and, upon closing, will wholly own Aireon indirectly.² Maintaining the application in pending status will allow the transaction to proceed to closing in the ordinary course while enabling the FCC to evaluate the application based on the resulting ownership structure.

Respectfully submitted,

/s/ Daniel Pugh

Daniel Pugh
Chief Legal and Risk Officer
Aireon LLC

¹ See Letter from Daniel Pugh, Chief Legal and Risk Officer, Aireon LLC, to Marlene H. Dortch, Secretary, FCC, ELS File No. 0193-EX-CN-2026 (filed May 14, 2026).

² See *id* ("Pursuant to a Securities Purchase Agreement dated May 13, 2026, [Iridium Monitor Holdings], an indirectly wholly owned subsidiary of Iridium Communications Inc., will purchase entities that own all outstanding ownership interests not currently held by its affiliate Iridium Satellite LLC ('Iridium Satellite') in Aireon Holdings (the 'Transaction'). In addition, upon closing of the Transaction, Iridium Monitor Holdings will acquire Iridium Satellite's ownership interest in Aireon.").
