**Special Conditions:**

- (1) Licensee should be aware that other stations may be licensed on these frequencies and if any interference occurs, the licensee of this authorization will be subject to immediate shutdown.
- (2) Licensee shall conduct frequency studies of the surrounding area prior to operation to avoid interference to authorized users.

This special temporary authorization is granted upon the express condition that it may be terminated by the Commission at any time without advance notice or hearing if in its discretion the need for such action arises. Nothing contained herein shall be construed as a finding by the Commission that the authority herein granted is or will be in the public interest beyond the express terms hereof.

This special temporary authorization shall not vest in the grantee any right to operate the station nor any right in the use of the frequencies designated in the authorization beyond the term hereof, nor in any other manner than authorized herein. Neither the authorization nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This authorization is subject to the right of use of control by the Government of the United States conferred by Section 706 of the Communications Act of 1934.

This authorization effective November 30, 1995 and  
will expire 3:00 A.M. EST. May 30, 1996

Kim: Attached is the STA extension we spoke about on the phone today. Because the underlying modification application will not likely be processed until mid/late December, we have sought a 60-day extension until January 30, 1995. An original copy is being filed in Pittsburgh tomorrow. Let me know if this fax copy is not legible.

The current STA expires on 11/30/95 -- could you fax the extension to me at (202) 289-1504? AirNet does not want to let their STA lapse. Thanks as usual. - Russ Taylor
