AirNet has a pending STA application for the same location, area, equipment, etc. as this application for an experimental license. This STA application is File #: 0870-EX-ST-2006; Confirmation #: EL3464310, submitted November 30, 2006. AirNet respectfully requests granting of this STA pending approval of this experimental license application, enabling the FCC sufficient time to thoroughly review this application and enabling AirNet to proceed with development efforts and testing while awaiting approval.
