Re: AirNet Communications Corporation -- Melbourne
Florida BTA Proposed Experimental Application

Dear Mr. Taylor:

We have reviewed the draft experimental application you "faxed" us on October 18, 1995. Based on review of that draft, and to confirm your conversation with counsel, this will advise you that PCS PrimeCo, L.P. has no particular objection to the experimental authorization being sought by AirNet Communications Corporation ("AirNet") for purposes of testing its PCS base station and mobile radio technology in the Melbourne, Florida BTA, provided that AirNet 1) coordinates with PrimeCo as appropriate, and 2) recognizes that in the event interference occurs it must immediately cease operations.

Please contact us should you have any questions concerning the foregoing.

Sincerely yours,

PCS PRIMECO, L.P.

Re: AirNet Communications Corporation-Proposed
Broadband PCS Experimental Program-
Melbourne, FL BTA

Dear Mr. Taylor:

On behalf of APT Tampa/Orlando, Inc. ("APT"), this is in response to your fax memo dated October 17, 1995 regarding the proposed experimental test program of AirNet Communications Corporation in the Melbourne, FL BTA. We have no objection to grant by the FCC of the experimental authority for your test program provided that AirNet coordinates proposed frequency uses with APT and recognizes that in the event interference occurs it must immediately cease operations.

In the event you have any questions, please call me.

Sincerely,

George Y. Wheeler
