Nimesh

Please take a look at Airxos, STA 0580-EX-ST-2020 and send out. Let me know if you need anything.

Thanks  
Tony

Dr. Huck

Thank you for the information. Glad to help. I will ask the staff to review the application and let you know if we need any additional information. Please add the description to the application as well.

Regards,  
Tony

**Subject:** RE: FCC Experimental License Waiver

Hi Tony, we are working through operational plans to support the Atoka County Medical Center in Atoka, OK with UAS flights to reduce the human to human interactions with the Atoka Manor Nursing Home.

Working with the FAA to reduce risk to the National Airspace System, we would like to deploy the Fortem radars to provide situational awareness and traffic deconfliction with our UAS flights.

The Choctaw Nation of Oklahoma is the third largest tribe in the United States encompassing 10 ½ counties in southeast Oklahoma. The tribe is also recognized by the FAA as a Public Aircraft Operator.

GE AiRXOS will deploy and operate the radars for the Choctaw Nation to support our flights.

I will act as the "Stop Buzzer PoC ", and am the agency contact for the request and the missions.

We believe under this national emergency declaration for COVID-19, the request is justified.

Thank you for your consideration.

**Yako**ke (Thank you!),

**Subject:** RE: FCC Experimental License Waiver

Hello Chris

We certainly want to respond to any request for emergency response. The applicant should email me directly with their request. Airxos should file an exhibit with the application as well as justifying how it is supporting emergency response and what agency such as FEMA or state agency it is working to support. They should provide an agency point of contact that can vouch for the need to use their technology for emergency response as well as a company Stop Buzzer PoC that will be responsible for the operation and can shut it down. We need to ensure that any operations are providing emergency support and not just using buzz words to be opportunistic of the situation.

They can email or call me if they have questions 202-418-2456.

Thanks  
Tony

Good Afternoon Anthony,

I hope all is going well and you and your family are safe.

I received an email from one of our IPP partners who has an experimental license request in for a Humanitarian Relief mission. I was wondering if there was any way to expedite the request?

*STA File Number* = 0580-EX-ST-2020

*Confirmation Number* = EL880590

If there is any additional information needed from the applicant I can get it ASAP. Thank you.

R?  
Chris
