Concerning the application form 405 represented by file number 0124-EX-RR-2015 which we filed 3/4/2015 for renewal of experimental license FCC File Number 0258-EX-PL-2014 for Call Sign WH2XEJ, we have been informed that because the application fee was not paid the application was dismissed without prejudice. We apologize for the delay. We now prepared to make an electronic payment of the fee and complete the filing. Please advise how we can best accomplish this via the electronic filing options, i.e., specifying what web page URL and menu options to the extent practicable.

Thank you,
