**Re: Post Grant Request for Extension of Operating Date in Oklahoma
City, Oklahoma.**

Dear Ms. Dortch:

On June 4, 2011, Alcatel-Lucent received Special Temporary Authority ("STA"), Call Sign: WE9XYO File Number: 0365-FX-2011, to operate over the 758-768/788-798 MHz band, which is currently licensed on a nationwide basis to the Public Safety Spectrum Trust and is unlicensed D block spectrum. Operation is to occur between June 19 – July 10, 2011, allowing time during that period for setup and testing, demonstrations, and teardown.

Alcatel-Lucent respectfully requests that the Federal Communications Commission grant a further extension of the STA date until September 1, 2011.

Should you require any additional information, please contact the undersigned.

Respectfully submitted,

By: _____
