Subject: Request for Info - File # 1205-EX-ST-2026

---

Message:

Thank you for letting us know that the smaller translated area (90 km radius centered over a new location) requires a new application. We are not able to reduce the area of the original location without impacting our mission. We have updated our application, reverting back to the original 200 km area and original location. Please let us know if further updates may be required.
