RE: Our Intended Use of the INMARSAT-M Portable Terminal

It is American Honda's intent to use the NEC - MLINK 5000 for the purpose of maintaining communications with other Honda locations in Japan and the continental United States in the case of land-based telecommunications not being available. Our use would be limited to voice and fax applications until which time standard land-based telephone systems were again available. This statement is in accordance with FCC Form 442, Question 10.

Sincerely,
