

CALL Sign Update for WL2XBH
American Aerospace Advisories

- 1) What is the point of communication (name, call sign, and orbital location of the satellite) operating in the 5350-5470 MHz and 1626.5-1660.5 MHz bands?

The point of communication is an unmanned aircraft system named the Resolute Eagle which has been approved with the call sign above. Please see the attached operational overview that was submitted with the original license.

MOBILE: PUR - Pendleton UAS Range see attached, within 75 km, centered around NL 45-41-34; WL 118-50-34

Frequency	Station Class	Emission Designator	Authorized Power	Frequency Tolerance (+/-)
1626.5-1660.5 MHz	MO	9M58G1D	31.62 mW (ERP)	0.005 %

Mistake was made with power requirement. It should have been Power 10 W and ERP of 31.62W

Please update the license ASAP. Any questions call Rose Mooney at 410-526-0844
