

9/20/95

STATEMENT OF INTENT

Natural and man made disasters and emergencies disrupt communications facilities used in the operation of the airline worldwide. We will position the satellite earth station to reestablish temporary communications facilities for disaster recovery from the affected location to our operational control facilities as needed.

A handwritten signature in black ink, appearing to read "H. May Jr.", with a stylized flourish at the end.

Henry R. May Jr.
Sr. Engineer
American Airlines
SCS communications operations
