Subject: FCC application by AMPY Automation Digilog

Hello - I understand that you have had conversations with Linda Long of Rep. Jean Schmidt's office about the FCC application by Mr. Robert Watson of AMPY Automation Digilog. This application is of interest to Salt River Project, which is one of Congressman Hayworth's constituents. I wanted to let you know of our constituent interest in this application. Please let me know if I can provide any additional information. Thank you -

Katharine
