Subject: Additional Information Request

Message:

Hi Nimesh,

1. I received the signed ODAR, and the ITU Cost Recovery letter, today. They were attached to the email sent today, and I have posted them as exhibits to the application.
2. The Spacecap has been updated. It was attached to the email sent today; the extension has been changed from .mdb to .txt to make it through the email system.

Please let me know anything else required.

Thanks,

Mike
