The frequencies 85 kHz-2 MHz are very broad and can pose potential interference to many services. Please narrow your request to specific sub-bands of interest in this range that would be most suitable for your research.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of December 22, 2011 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
