Addressing the requested details:

1. Please note the following:
 - a. Fewer than 10 devices will be operated, in this case 3 are requested.
 - b. Narrative has been amended to request an XT station class with the required note and use.
 - c. Emitters can be entered into GMF.
 - d. Two years have been requested.
 - e. Office space and surrounding floors are within the control of the requester.
 - f. Please see amended narrative for EIRP calculations.
 - g. Not required per analysis in part (f)
 - h. The space noted within part (f) will be equipped with signs indicated GPS retransmission may be active and that signals they are receiving may be impacted.
 - i. The use is 100% limited to the testing of RNSS equipment.
 - j. A stop buzzer has been identified and provided.
2. This has been provided in an amended narrative uploaded with the application. This calculation is done in conjunction with a revision to the request to 1 retransmitter at the location.
3. A facility drawing has been included in the amended narrative with the location of the single retransmitter included.
