EXHIBIT 1: Description of 3.4 GHz Experiment and Experimental Objective

Applicant: Aperto Networks

File No.: 0068-EX-PL-2002

NOTE: This experimental license application is an update for an expired STA, file number 0306-EX-ST-2001

Aperto is developing base station and CPE radios for the 3.4-3.6 GHz bands. These radios are for export only, primarily to Europe, Asia, and Latin America. Aperto needs to make over the air tests in order to demonstrate the efficacy and operability of the system.
