This is Aptiv's Pittsburgh testing location. Internally this is known as the Aptiv Pittsburgh Technology Center (PTC). Aptiv leases the real property as the sole tenant at the property. There are no third parties occupying or leasing any of the noted site. The site is occupied by Aptiv staff members. Only Aptiv assets are allowed on the facility testing area to be tested. Aptiv has been operating in this facility for different aspects of testing since January 1, 2018, and will be for years to come.

The property is leased by Aptiv and the sole tenant is Aptiv. Aptiv is in complete control of the property. This is legally, and operationally, part of Aptiv's real property facilities.

Please let me know if you have other questions or if I may clarify. Thank you. Regards,
