RE: Exhibit One

I am a neurosurgeon practicing in Arlington, Texas. In September, I am traveling on safari to a remote area in Tanzania. Due to the nature of my practice, I need to keep in contact with my nurses in my office and also with Arlington Memorial Hospital to guarantee the best possible care for my patients. Since the area to which I am traveling is very remote, I am taking a satellite communication system. I will also be using the satellite communication system in the U.S.A.

If you need any additional information, please contact my personal assistant, Leticia Desaloms. Her private line number is 817-261-1574.

Sincerely yours,

Carlos Acosta, M.D.
