

ATTACHMENT TO STA REQUEST

17 July, 2018

FILING COMPANY:

Assured Wireless Corporation
16885 West Bernardo Drive, Suite 310
San Diego, CA 92127

TECHNICAL POINT OF CONTACT:

Tom Bilotta, CEO
tbilotta@assured-wireless.com
760-522-0033

PURPOSE OF STA:

Assured Wireless is developing vehicle-based High Power User Equipment (HPUE) for LTE Band 14. This equipment will have +31 dBm output on LTE Band 14 in accordance with 3GPP Power Class 1 specifications.

AT&T is evaluating this equipment to meet their FirstNet commitments and has requested that Assured Wireless field test this equipment on their LTE Band 14 network to evaluate range, coverage, link speeds and interference. These tests will be performed at various locations on the AT&T network including San Diego, Los Angeles, Austin and other locations as may be requested by AT&T.

AT&T has requested that these tests start by August 1st and have asked us to obtain an expedited STA.

Please direct any questions to the contact above.
