Subject: Additional Information Request

Message:

Please address the following questions:

1. Please provide the entirety of your response #2 (from the Supplemental response dated May 21, 2021) to include Table 2 (page 2) with the actual component names displayed in the table and accompanying explanation.
2. Please confirm the following timeframes and actions are accurate from response #7 (Supplemental response): The total time required for the spacecraft (using propulsion) to effect a 10 km altitude change is 2 days (1 day to process the CDM, 1 day to move 10 km.) The total time required (using high-drag) to effect a 100 m change is 3 days (1 day to process the CDM, 2 days to move 100 m.)
3. Please indicate whether PNG has acceded to the Convention on Registration of Objects Launched into Outer Space.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 27, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
