Dear Mr. Shea:

We have determined that your application for a Part 5 experimental license renewal was received prematurely. Part 5, Subpart B, Section 5.55(d) of the Code of Federal Regulations states: "Unless otherwise directed by the Commission, each application for renewal of license shall be filed at least 60 days prior to the expiration date of the license to be renewed". Your current license (File Number 5763-EX-MR-97), a copy of which is enclosed, does not expire until July 1, 1999. Accordingly, your application is hereby returned to you to be submitted when your current license is due to expire.

Thank you,

**Nancy Hey,
Information Technician
Experimental Licensing Branch**
