GRANT-IN-PART

Dear Ron Das,

This refers to application, File No. 0107-EX-PL-2003, for Experimental Radio Station WD2XEM.

The enclosed authorization shall be considered as a grant of the referenced application unless rejected by a written notice within thirty (30) days from the date of this letter, whereupon the enclosed grant will be vacated. Such rejection should include a statement of the reasons, if any, why the applicant believes that the application should be granted in accordance with the terms requested therein.

You are advised that the Commission was unable to make a finding that the public interest would be served by a grant of the application in the manner requested. Some of the bands requested did not conform to the stated UNII purpose. We attempted to contact you by email for additional information regarding these bands but did not receive a response. Rather than dismiss your application, we have granted the license in part to reflect your previous license under callsign WC2XLH. If you still require use of the other bands you may file a modification application.

Responses to this correspondence must contain the Reference number : 2641

Sincerely,

James R. Burtle

Chief
Experimental Licensing Branch
