Mr. Saunders

We have reviewed your request for Special Temporary Authority. Our database is showing two submissions under file numbers 0185 and 0186. It appears that 0185 was mistakenly submitted since it is incomplete.

Experimental requests for broadcast related operations fall under Part 74 of the FCC rules and are administered directly by the Audio Services Division of the Mass Media Bureau. You may contact the Audio Services Division at 202-418-2700 or find additional information on the Mass Media page of the FCC website.

In order to close out these files in our database please confirm whether they are broadcast related and should be dismissed/withdrawn or else please provide additional details describing your intended operations.

Thank You
Tony Serafini
