

APPLICATION FOR RENEWAL OF EXPERIMENTAL AUTHORITY

Axonics Sacral Neuromodulation (SNM) System

Axonics Modulation Technologies, Inc. herein submits an application for renewal of its existing experimental license (WI2XYC) in order to continue development and testing of the operations in connection with its Sacral Neuromodulation (SNM) System, which is designed for treating patients suffering from symptoms of Over Active Bladder (OAB), including urinary urgency incontinence and significant symptoms of urgency-frequency in patients who have failed or could not tolerate more conservative treatments.
