

Exhibit 1

In connection with this Renewal Application, it is noted that simultaneously a Modification Application is being filed to address the following items:

- The Modification application seeks deletion of the following frequencies from the license:

136.7 MHz (Please also delete Special Condition 6 from the license)
381.625 MHz

- Currently, there are no government contracts associated with the operations under the license.

- Please update Special Condition 5 as follows to reflect new Stop Buzzer information:

(5) The designated point-of-contact to terminate transmissions if interference occurs is ~~Mr. Sean Hallinan (603) 361-5959, Mr. Richard Ball at (603) 318-6913,~~ **Mr. George Moynihan (603) 689-8630, and Mr. David Jillson (603) 484-1024** and BAE Systems Emergency Services Center (603) 885-3842.
