File No. 0060-EX-ST-2006

Notification Pursuant to 47 C.F.R. §5.77

As the Commission is aware, pursuant to a Special Temporary Authority (“STA”) granted effective February 17, 2006 under File No. 0060-EX-ST-2006, BAE Systems Information and Electronic Systems Integration Inc. (“BAE Systems”) was authorized to operate on the 809-928 MHz band, 5W ERP maximum (the “Band”). Pursuant to 47 CFR 5.61(b), BAE Systems has continued authority to operate under such authority in light of the timely filing of an application for a 2 year license under File No. 0475-EX-PL-2006.

In this Band, BAE Systems is currently authorized to operate with the following emissions: NON, 25K0F3D.

By this Notification, BAE Systems hereby advises the Commission that it intends to operate in the Band using an additional emission designator, namely, “100MA3X”, in order to address certain additional requirements related to this experiment. In accordance with the requirements of 47 C.F.R. §5.77(a) and (b), BAE Systems hereby confirms that the addition of this emissions designator will not result in operations inconsistent with any term of the company’s prior authorization. In addition, the addition of this emissions designator will not result in BAE Systems exceeding the maximum emissions envelope and radiated power level established in the prior authorization under File No. 0060-EX-ST-2006.

Should the Commission have any questions or concerns regarding this Notification and the utilization of the additional emissions designator 100MA3X in connection with this grant, please notify BAE Systems. In the absence of such notification, BAE Systems will proceed with such operation based on the representations in this Notification.
