Message:

File No. 0065-EX-PL-2008

Ref. 7272

Ms. Nguyen:

In response to your e-mail to Mr. William Delaney dated July 28, 2008 (text below), this is to confirm that NTIA's database reflects that the specified frequencies of 138.15 MHz and 138.4 MHz are currently under review by NTIA, as indicated below.

0065-EX-PL-2008 NG 083032 TABLE May 15 2008 M138.150000 WE 2XPW

0065-EX-PL-2008 NG 083033 TABLE May 15 2008 M138.400000 WE 2XPW

If Mr. Woods is aware of any issue with these frequencies which resulted in the Tabling of the frequencies, it would be greatly appreciated if he could advise me directly, so that any issues can be resolved to NTIA's satisfaction. As can be seen from Ms. Nguyen's e-mail, the FCC has requested that coordination be completed by August 27, 2008.

Best regards,

Jeffrey Rummel
Attorney for BAE Systems

Message:

Please coordinate the frequencies 138.15 MHz and 138.4 MHz with military departments and provide FCC the complete coordination and point-of-contact military agencies.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 28, 2008 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
