

NOTIFICATION OF CHANGE IN WIRELESS “STOP BUZZER” NUMBER

Pursuant to File No. 0107-EX-PL-2004, the Commission granted Special Temporary Authority ("STA") to BAE Systems Information and Electronic Systems Integration Inc. ("BAE Systems") for experimental facilities operating at Merrimack, New Hampshire.

In the exhibits submitted to the Commission in support of this authorization, BAE Systems provided the wireless telephone number of Brian Egan, who is acting as "stop buzzer" in the event that any issues regarding interference arise during operation.

This is to advise the Commission that the wireless number of Mr. Egan should be changed in the Commission's records with respect to the above authorization.

Specifically, the number should be changed to: (603) 885-2449.
