Tony:

You previously requested contract/program information relating to the pending two year license application of BAE Systems under File No. 0202-EX-PL-2005. I apologize for the delay in providing this information, but have it for you now. The response of BAE Systems is as follows:

"The testing to be conducted under the requested authorization will be associated with the FCS program (DAAE07-03-9-F001) and similar advanced research and development of apertures. Should future FCS testing requirements involve additional frequency and/or power requirements beyond those specified in the instant filing, new authorities will be sought through the appropriate processes."

Please feel free to insert this information into the file for the above-referenced application.

Best regards,

Jeffrey
Attorney for BAE Systems
