Ms. Nguyen:

In further reply to your request dated 3/20/14, this is to advise you that FAA has still not yet completed its coordination of this application.

As you can see below, the FAA processor has requested additional time to complete the coordination.

Accordingly, it is respectfully requested that the deadline for obtaining FAA coordination be extended to June 20 to permit FAA additional time to complete coordination. Should additional time be required beyond June 20, BAE Systems will contact the Commission at that time.

Best regards,

Jeff Rummel
Attorney for BAE Systems
