Ms. Nguyen:

In further reply to your request dated 3/20/14, this is to advise you that FAA has still not yet completed its coordination of this application.

BAE Systems is continuing its discussions with FAA regarding the frequencies subject to coordination, but the FAA has not completed the coordination, and has recently advised that the remaining frequencies "will take time to complete."

Accordingly, it is respectfully requested that the deadline for obtaining FAA coordination be extended to July 20 to permit FAA additional time to complete coordination. Should additional time be required beyond July 20, BAE Systems will contact the Commission at that time.

Best regards,

Jeff Rummel
Attorney for BAE Systems
