

## Exhibit 2

This application has been amended to seek Commission authority for actions listed below. These amendments are being implemented pursuant to discussions with FAA. BAE Systems and FAA have agreed to the following actions:

Delete the following frequencies from the pending application:

307.85 MHz  
2900 MHz  
2980 MHz  
7200 MHz  
7260 MHz  
7380 MHz  
7400 MHz  
7800 MHz  
8000 MHz

Reduce the ERP for the following frequencies to 1W ERP:

378.775 MHz  
1136.325 MHz  
1347.90 MHz  
1490 MHz  
1500 MHz  
3000 MHz  
3500 MHz  
3700 MHz  
4200 MHz

And BAE Systems has also agreed to delete the frequency 1018 MHz from the pending application, and replace it with the new frequency 1010 MHz.

No other changes are requested to the technical parameters on the license.
