

NOTIFICATION OF CHANGE IN “STOP BUZZER” NUMBER

Pursuant to File No. 0273-EX-PL-2006, the Commission granted an experimental license to BAE Systems Information and Electronic Systems Integration Inc. ("BAE Systems") for experimental facilities operating in and around Greenlawn, NY.

In an exhibit submitted to the Commission in support of this authorization, BAE Systems provided the telephone number of James Wightman, who is acting as "stop buzzer" in the event that any issues regarding interference arise during operation.

This is to advise the Commission that the stop buzzer number of Mr. Wightman has changed to: "(631) 897-2263."

This is to request that the Commission's records for File No. 0273-EX-PL-2006 be updated to reflect this change.
