

Exhibit 1

In connection with this renewal application for Station WG2XZT, the following is noted:

- Although there are no MAG frequencies on the license, it is noted that the contract information listed in the exhibit to the initial license application is updated to specify the following current contracts:
 - FA8620-11-G-4029/0006
 - FA8620-11-G-4029/0014
 - FA8620-11-G-4029/0019
 - FA8620-11-G-4029/0043
- In addition, the contract POC information is updated to specify as follows:

Mr. Brian McCarty
GS-13 USAF AFMC 645 AESG/WIJPC
937-225-2368
brian.mccarty.7@us.af.mil
- As the license will continue to be used to also support internal research and development efforts, there should be no change to the XT Station Class.
