Ms. Nguyen:

In response to your request, this is to confirm that BAE Systems timely requested coordination from FAA, but FAA has not yet completed coordination.

FAA coordination remains ongoing and BAE Systems is in regular contact with the FAA as to the status of the coordination.

In light of the fact that BAE Systems is continuing to work with FAA to complete coordination and that the delay is not caused by the company, an additional 15 days is requested to complete FAA coordination.

BAE Systems will submit proof of FAA coordination as soon as it is received.

Please let me know if there are any questions.

Jeff Rummel

Attorney for BAE Systems
