

NOTIFICATION

This is to advise the Commission that the tests authorized under call sign WE2XXG will be used to support the following government contract:

Agency/Customer: United States Army
PM SAI/ ACC-APG DIVISION C

Contract No.: W15P7T-14-D-C015

Contract POC: ABEER AMEER, 443-861-5363,
ABEER.J.AMEER.CIV@MAIL.MIL

Because the license will also remain in effect to support non-government contract activity, no change to the 'XT' Station class should be made.

In addition, pursuant to Section 5.77(b) of the Commission's rules, this is to advise the Commission that the following additional transmitting equipment will be associated with the operations under this license:

<u>Manufacturer</u>	<u>Model No.</u>	<u># Units</u>	<u>Experimental (Yes/No)</u>
GPS Source (GPS Repeater)	GLI-Metro A12-P110 / 6.8-NF	1	No
GPS Source (splitter)	RMS116-A08-P110/5-NF	1	No
GPS Source (GPS Rcv Ant)	L1L2-2GA-PM-NF	1	No

Pursuant to Section 5.77(b), no prior approval is necessary for the implementation of these equipment changes because the following statements are true with respect to the operations utilizing the new transmitting equipment:

- (1) The operating frequency is not permitted to deviate more than the allowed tolerance;
- (2) The emissions are not permitted outside the authorized band;
- (3) The ERP (or EIRP) and antenna complies with the license and the regulations governing the same

Finally, pursuant to Section 5.77(b), if the licensee wants these equipment changes to become a permanent part of the license, an application for modification will be filed by the licensee.
