File No. 0383-EX-PL-2008

Ref. No. 7937

Ms. Nguyen:

In response to your e-mail to Mr. Tracy Johnson dated 1/15/09, this is to report that the applicant has selected an alternate frequency to the currently requested frequency of 410 MHz. Specifically, the applicant has selected the frequency 411.5 MHz as a replacement for the frequency 410 MHz.

Previously, NTIA had suggested to undersigned counsel the frequency 411.5 MHz as an acceptable alternate.

Accordingly, please let me know if the Commission will update the pending application to:

(i) Delete 410 MHz; and (ii) Add 411.5 MHz.

Or, if you would prefer that the applicant to modify the pending application itself, please let me know directly.

Should you have any questions regarding these matters, please do not hesitate to contact the undersigned directly.

Respectfully submitted,

Jeffrey Rummel

Attorney for BAE Systems Information and Electronic Systems Integration Inc.
