

PUBLIC INTEREST STATEMENT

1. Introduction

By the instant application (“Application”), BAE Systems Information and Electronic Systems Integration Inc. (“BAE Systems”) requests that the Commission grant a two-year experimental license to BAE Systems to operate the facilities (the “Facilities”) specified in the instant Application.

2. Purpose of the Operation

BAE Systems manufactures and tests antennas as well as RF systems for DOD as well as other governmental customers. The testing specified in this Application will be conducted by BAE Systems Information and Electronic Systems Integration Inc., which is a major producer of electronic warfare systems, protection systems, and tactical surveillance and intelligence systems for all branches of the armed forces. This unit’s lines of business include Electronic Warfare/Electronic Protection, Electronic Warfare/Information Warfare, Integrated Defense Solutions, and Mission Electronics with products and services spanning the whole electromagnetic spectrum.

The testing at the Merrimack Antenna Test Range is a critical part of the manufacture and delivery of military systems provided to the Armed Forces in support of Homeland Security as well as war efforts. The following information is provided with respect to the military contract being supported by the specified experiment:

Agency: US Army
Contract Number: W911QY-08-D-0015
POC: MAJ George Antoniou, (703) 704-3582

In addition to supporting the above contract, authority is requested to support internal research and development (“IR&D”) activities.

3. Transmitting Equipment:

Manufacturer	Model	Quantity	Experimental?
BAE Systems	DNA – Experimental	1	Yes

4. Prevention of Interference

BAE Systems’ Tracy Johnson will be available by wireless telephone at (603) 689-8630. Mr. Johnson will act as a “stop buzzer” if any issues regarding interference arise during testing.
