Message:

BAE Systems Information and Electronic Systems Integration Inc.

File No. 0508-EX-PL-2006

Ref. Nos. 5552 and 5668

Mr. Trevino

BAE Systems has reviewed the Commission's proposal in Ref. Nos. 5552 and 5668 and has concluded that, in order to ensure full performance of the experiment, BAE Systems is unable to agree at this time to a modification of its frequency requests in the manner suggested by the Commission. Accordingly, it is respectfully requested that the application pending under File No. 0508-EX-PL-2006 be forwarded for coordination with the existing frequency requests intact.

Please do not hesitate to contact undersigned counsel if any further questions arise.

Best regards,

Jeffrey Rummel

Attorney for BAE Systems Information
and Electronic Systems Integration Inc.
