

**BAE Systems Information and
Electronic Systems Integration Inc.**

File No. 0536-EX-ST-2010

Notification

By this Notification, BAE Systems hereby advises the Commission that it intends to use two additional items of transmitting equipment for the Verification (non-Data Link) portion of the experiment, as follows:

Manufacturer	Model	Quantity	Experimental?
BAE Systems	S3000	1	YES
Empower	BBM3K5KK0	1	YES

In accordance with the requirements of 47 C.F.R. §5.77(a) and (b), BAE Systems hereby confirms that the addition of this equipment will not result in operations inconsistent with any term of the outstanding authorization issued under File No. 0536-EX-ST-2010, and all operations will remain subject to the Special Conditions imposed in the grant. The addition of these emissions designators will not result in BAE Systems exceeding the maximum emissions envelope and radiated power level established in the existing authorization under File No. 0536-EX-ST-2010.

In addition, this is to advise the Commission that an additional “stop buzzer” will be specified for the experiment, as follows:

Rick Ball – BAE Systems – (603) 318-6913

Should the Commission have any questions or concerns regarding this Notification, please notify BAE Systems. In the absence of such notification, BAE Systems will proceed with such operation based on the representations in this Notification.
