Dear Mr. Rick Valles

Pursuant to our phone conversation on March 3, 2003, please verify that the frequency, output power, effective radiated power, tolerance, station class and emission designator are the same for the five new locations (Antenna 2 of 6 to Antenna 6 of 6) as those reported earlier for the Santa Monica, CA location (Antenna 1 of 6) and that you authorize me to amend the above referenced application to reflect the same.

Mr. Kennedy,

I verify that the frequency, output power, effective radiated power, tolerance, station class and emission designator are the same for the five new locations (Antenna 2 of 6 to Antenna 6 of 6) as those reported earlier for the Santa Monica, CA location (Antenna 1 of 6) and that you I authorize you to amend the above reference application to reflect the same.
