DISMISSED-WITHOUT PREJUDICE

Dear Alfred C. Raccio,

This refers to application, File No. 0251-EX-ST-2016, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. US Army objects to grant this Special Temporary Authorization because the operating locations are too vague. Army requires a test plan with specific intended Department of Defense Test and Training Ranges to make an accurate assessment of the interference potential in those areas.

Responses to this correspondence must contain the Reference number : 31255

Sincerely,

Nnake Nweke
