Special Conditions:

- (1) Licensee should be aware that other stations may be licensed on these frequencies and if any interference occurs, the licensee of this authorization will be subject to immediate shut down.
- (2) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (3) Experimental station shall use the minimum power level necessary to establish communications links to minimize potential interference to licensed users.
- (4) Stop Buzzer: Hai Nguyen (Main 251-635-6607)2. Maurice Griffin (Alternate 469-978-4581)
- (5) This authorization is without prejudice to any determination that the Commission may make regarding pending or future experimental satellite earth station applications.
- (6) Operations are on a non-interference basis (NIB) and shall not cause harmful interference to, and shall not claim protection from, interference caused to it by any other lawfully operating station and it shall cease transmission(s) immediately upon notice of such interference and notify the FCC in writing.
- (7) This frequency assign was coordinated prior to authorization with FAA headquarter, 800 Independent Avenue, S.W., Washington, DC 20591. Phone: 202-267-8699.
- (8) During transmission, aircraft shall not exceed the altitude 400 ft.

Special Conditions:

- (9) The FAA conditionally concurs with the use of 5150-5250 MHz for a UAS C2 backup, provided that
- The UAS stays under 400 ft above ground level per Part 107.
 - Autonomous control will be the primary means of navigation.
 - The proponent will use this band for experimental purposes only and seek a properly allocated frequency band for final commercial development and marketing.
- (10) This authorization is issued for the express purpose of conducting experimental operations described in the related application and required by NASA, contract 80AFRC19M0004. The use of this radio station in any other manner or for any other purpose will constitute a violation of the privileges herein authorized. Except as subsequently authorized by the Commission, this radio station shall not be operated after the expiration date of the contract designated in the related application and enumerated above.
