Message:

Your location and frequency requests are too broad and will be rejected during coordination. Please specify the bases including location coordinates where you want to operate. Also, if you only need one frequency please work with the Navy to select one. Other agencies will object to an open authorization across the band.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 27, 2003 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
