Federal Communications Commission
Experimental Licensing Branch
445 12th Street, S.W., Room 7A-321
Washington, D.C. 20554

Pursuant to Section 5.77(a) of the Commission rules, this letter provides notification that The Boeing Company intends to operate new antenna types as part of the experimental license authorization, call sign WC2XVE, file 0491-EX-ST-2012.

The new antennas to be added to this experimental operation are the TECOM model KuStream 1500 and the RANTEC model 18 Inch diameter dish. All terms and conditions of the license, as well as the stated program of experimentation will be adhered to, including the license power, emissions, and antenna spectral density requirements outlined in CFR 47, Part 25.

Sincerely,
Ronald E. Center
