Attachment to 0496-EX-PL-2011

Why STA Is Necessary:

Bollinger Shipyards, Inc. has been awarded contracts by the Department of Homeland Security to construct the 154 foot Fast Response Cutter (FRC) for the U.S. Coast Guard, and a communications suite is part of this new construction. Currently there are fifty cutters under contract with additional options available through the end of March, 2024. Equipment level and full integrated level testing is required by the Government's contracts. The contract numbers are HSCG23-08-C-2FR125 and HSCG23-16-AFR625.

The U.S. Coast Guard's point-of contact for the contracts is the Administrative Contracting Officer located at the U.S. Coast Guard Fast Response Cutter Program Resident Office (PRO):

Mr. Alan K. Harker
8365 Hwy 308 S.
Lockport, Louisiana 70374
Phone: 985-532-7234
Alternate phone: 985-532-2554

Purpose of Operation:

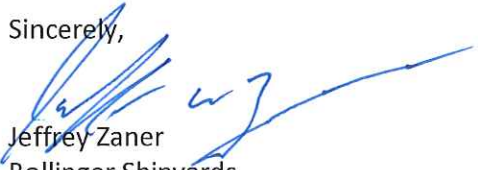

Demonstrate that new communications equipment provided to the U.S. Coast Guard complies with contract requirements. The STA request is for FRC emitter testing only, and test frequencies have been coordinated with the U.S. Coast Guard Spectrum Management Division:

Ronald G. Blackmore
C4IT SVC CTR, FSD
Spectrum Management Branch Chief
US COAST GUARD
7323 Telegraph Rd, STOP 7340
ALEXANDRIA, VA 20598-7340
