Hi John and Bill-

Attached is a map showing the Ponte Vedra Golf site and the Grade B Contour of the only nearby channel 14 or 15 station. The only other Station within 150 km (beyond Grade B range) is LPTV station WJXE-LP on Channel 15 at MacClenny, FL: however, that station recently filed a Request to and was granted an authorization to remain silent due to Equipment problems.

The AFTRCC coordinations will follow-

Thanks-

Louis
