

Additional Explanation of Request for STA

Subsequent to the initial filing of this STA request the Republican National Committee requested support for some additional communications equipment to support their needs during the convention. The additional equipment is the following:

Sony Wireless Microphones Model UTX-H1
Operating frequency range 794-806 MHz
Power (ERP): 10 mW

Sony Wireless Communications Device Model WCS999
Operating frequency range 912-915 MHz
Power (ERP): 1 mW

In view of this requested the initial application has been amended to add the following frequencies:

794.250 – 805.750 MHz ERP 10 mW 12.5kHz F3E
912.250 – 914.750 MHz ERP 1 mW 12.5kHz F3E
