FCC FREQUENCY COORDINATION NOTICE

Experimental Licensing Branch
Office of Engineering and Technology

The following application is attached for your review:

Applicant: Broad Comm, Inc.
File Number: 0258-EX-ST-2008

Start Date: 6/8/2008

End Date: 6/15/2008

Why STA Is Necessary :

This regards a request by Broad Comm, Inc. (Broad Comm) for Special Temporary Authority (STA) to allow use of frequencies in the UHF band to provide support for the broadcast of the Red Bull Fighters Motocross event and related activities to be held at the Fort Worth Stock Yards Rodeo in Fort Worth, TX for the period of June 8 through June 15, 2008. Broad Comm provides radio-frequency support services to broadcasters and broadcast network entities for coverage of major events. The FCC has granted Broad Comm and others similar requests for several previous events. These frequencies are being requested since operation on broadcast auxiliary frequencies is not possible due to the need for spectrum by local broadcasters to cover this and other events in the area.

Purpose of Operation :

To provide support for the broadcast of the Red Bull Fighters Motocross event and related activities to be held at the Fort Worth Stock Yards Rodeo in Fort Worth, TX for the period of June 8 through June 15, 2008.

Subject: RE: Coordination for 0258-EX-ST-2008

Broadband Division recommends coordination with the SBE representative to protect Broadcast Auxiliary Low Power operations near the test site.

Thanks,

Gerardo Mejia WTB/BD
