Louis,
This completes coordination as AFMO and DoD NV were forwarded last week.

This email is your AFTRCC coordination.

This coordination includes this header information, DOD Area Frequency Coordinator comments and AFTRCC comments. These messages must not be separated.

This coordination is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgment that the frequency(ies) is best suited for the applicant's purpose nor that the frequency(ies) is exclusive to the applicant. Flight Test frequencies are shared and may require scheduling with other users.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, agents, members, and representatives from any claims, losses or expenses that may arise from the use of the frequency.

This coordination is not an authorization to transmit. A copy of this coordination must accompany application to the FCC.

10: Glenbrook, NV (38-59-23 N 119-53-46 W)

MIRAD: 25 KM / 15 miles

Dates: May 16-18, 2018

AFTRCC comments: non-interference basis to Flight Test telemetry.

AFTRCC database check for locations/dates shows no conflicting assignments with 25 mile radius. Regret short notice; dates include setup verify and use.

For DoD Nellis, Glenbrook, NV is NV side of Lake Tahoe. Database check good.

Please reply via return email as to concurrence, non concurrence, scheduling, or additional comments.
